

## **Days of Creation**

*When day and night had first begun,*

*We know God did it on day one.*

*Then came sky and water blue,*

*We know God did it on day two.*

*Then came dry land, plants, and tree,*

*We know God did it on day three.*

*Then sun and moon and stars galore,*

*We know God did it on day four.*

*Then next the birds and fish arrive,*

*We know God did it on day five.*

*Then came man and the animal mix,*

*We know God did it on day six.*

*Then He was finished and rested in heaven,*

*We know God did it on day seven.*

FYI – SCIENCE, LOGIC and the Bible all indicate a six day creation week, and a universe which is only thousands of years old. (Learn all about this on this website.)
